INTRODUCTION

The Malaysia International Wind Festival (miwFEST) made its successful debut in 2023, garnering overwhelming participation with nearly 60 bands and ensembles and almost 1,600 performers. It quickly became one of the largest events for concert bands in 2023. In 2024 and 2025, the festival saw a significant increase in participation, with almost 96 bands and ensembles and up to almost 3,000 performers, further demonstrating the festival's growth and its strong reception within the community; both nationally and internationally.

In line with its mission to support the development of concert and marching bands in Malaysia, the MCMBA is proud to continue organizing the Malaysia International Wind Festival (miwFEST) in 2026. Our commitment remains steadfast in offering a platform for both concert and marching bands to showcase their talent, receive valuable adjudications, and benefit from expert feedback provided by an esteemed panel of juries and clinicians, both local and international. This will further empower Malaysian bands to perform on the global stage, elevating the profile of Malaysia's concert and marching bands worldwide.
